

What is the Tests & Quizzes User Activity Report?

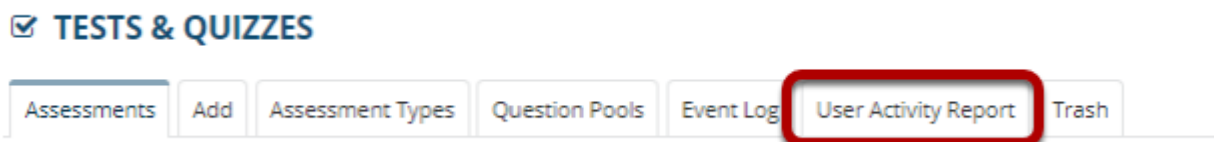

This feature allows the instructor to view a list of all assessment submissions for a specific student, including submissions that are no longer available via the Total Scores screen as because the instructor has allowed the student to retake (via "Allow Retake") the assessment.

Go to Tests & Quizzes.

Select the **Test & Quizzes** tool from the Tool Menu in your site.

Click User Activity Report.

Select the student you want to view from the drop-down list.
