

# What is the Web Content tool?

The Web Content tool allows Instructors to create a link to a web site in the Tool Menu of the site. By default, the link opens a re-direct page that allows the web site to be opened in a new window. If the the link to a web site is within the Sakai instance domain (e.g. university.edu), instructors may be able to configure the tool to launch the website within the tool rather than as a separate window.

Instructors can also use the Web Content tool to create a tool link to a folder or a file in Resources. Any changes to the resources folder or file will be reflected when the Web Content tool link is clicked.

## Example of a Web Content link to a website.

The screenshot displays the Sakai LMS interface. At the top, there is a dark blue header with the Sakai logo on the left and a search bar, a 'View Site As:' dropdown, and a user profile icon on the right. Below the header, a navigation bar shows 'Home' and 'MPH 001 002 Spring 2020'. On the left side, a vertical tool menu lists various tools: Overview, Announcements, Assignments, Calendar, Forums, Gradebook, Messages, Resources, Roster, Rubrics, Site Info, Syllabus, Tests & Quizzes, Sakai LMS (highlighted with a red box), Handouts, and Help. The main content area shows a preview of the Sakai website. The preview includes the Sakai logo, a navigation menu with links like 'Welcome', 'Features', 'Sakai Community', 'Try Sakai Now', 'News', 'Accessibility', and 'Sakai Brand', and a search bar. The main image in the preview features a smiling graduate in a green cap and gown with the text 'SAKAI LEARNING MANAGEMENT SYSTEM' overlaid. Above the preview, there are three buttons: 'Edit', 'Link', and '? Help'.

Note that by default the web content link will be automatically launched in a new window.

# Example of a Web Content link to a folder in Resources.

The screenshot shows the Sakai LMS interface. At the top, there is a blue header with the Sakai logo. Below the header, there are two dropdown menus: 'Home' and 'MPH 001 002 Spring 2020'. On the left side, there is a navigation menu with various options: Overview, Announcements, Assignments, Calendar, Forums, Gradebook, Messages, Resources, Roster, Rubrics, Site Info, Syllabus, Tests & Quizzes, Sakai LMS, and Help. The 'Resources' option is highlighted with a red box. In the main content area, the 'HANDOUTS' folder is displayed. Below the folder name, there is a button labeled 'Up one level'. Underneath, a list of files is shown, including several .docx files and .pdf files related to OCEA\_101.
