

# What actions can instructors perform on individual Gradebook items?

## Gradebook Item Actions

The drop-down menu in each gradebook item column allows you to perform several actions. These actions vary somewhat, depending on the origin of the item. Items created within the Gradebook itself allow more options than items being sent to the Gradebook from other tools.

All gradebook items allow you to do the following:

- Edit Item Details
- View Grade Statistics
- Move Left
- Move Right
- Hide Item
- Message Students

Gradebook-created items also allow you to perform these two additional actions:

- Set Score for Empty Cells
- Delete Item

# Edit Item Details

**Edit Gradebook Item**

Please go to Assignments to edit the title, points, and due date, or to remove the item from the Gradebook.

**Title** Assignment 5B

**Point value** 10

Extra credit

**Grading Rubric**

Do not use a rubric to grade this assignment

Use the following rubric to grade this assignment

New Rubric Preview Rubric

Adjust individual student scores

Hide Rubric from student

**Due date** 02/27/2020

**Category** Assignment (30%)

Items not assigned to a category will not count toward the course grade.

Release item to students?

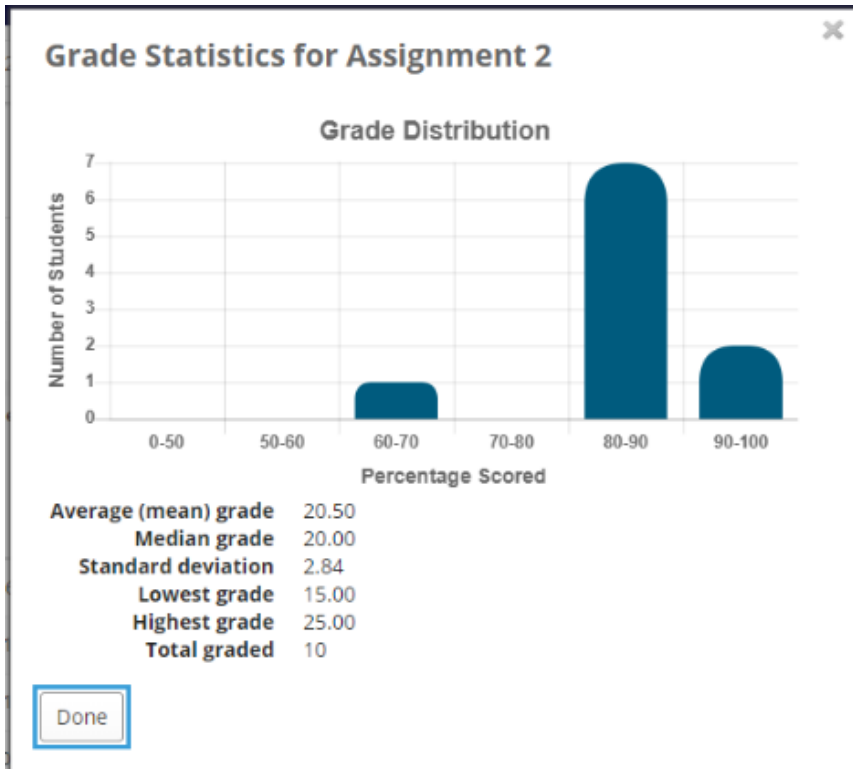

Include item in course grade calculations?

Save Changes Cancel

The **Edit Item Details** option allows you to make changes to Extra Credit, the Grading Rubric, Category, Release, and grade calculation settings.

For Gradebook-created items, you may also modify the Title, Point value, and Due date. For items coming from other tools, those details must be modified within the origin tool.

## View Grade Statistics

The View Grade Statistics option gives you a quick summary of the grade distribution for that item, including the mean, median, standard deviation, lowest score, highest score, total number of graded scores, and a bar chart illustrating the data.

## Move Left

Homework 2	Homework 1
Cat: Homework [24%] Total: 100 Due: -	Cat: Homework [24%] Total: 100 Due: -
95	86
34	74
94	93
94	89

The **Move Left** option moves the selected item one column to the left.

## Move Right

Homework 1	Homework 2
Cat: Homework [24%] Total: 100 Due: -	Cat: Homework [24%] Total: 100 Due: -
86	95
74	34
93	94
89	94

The **Move Right** option moves the selected item one column to the right.

## Hide Item.

Homework 1	Homework 3
Cat: Homework [24%] Total: 100 Due: -	Cat: Homework [24%] Total: 100 Due: -
86	92
74	83
93	98
89	91

The **Hide Item** option hides the column from the instructor's display. However, it DOES NOT control release of the item to students.

Notice that hidden items are indicated by small arrows in place of the item. Click on the arrows to show the item again.

## Message students.

Message Students

Assignment 3

1 Subject: Type your subject here ...

Message:

2

Who do you want to message? Ungraded students 3

Only students in a group? Site 4

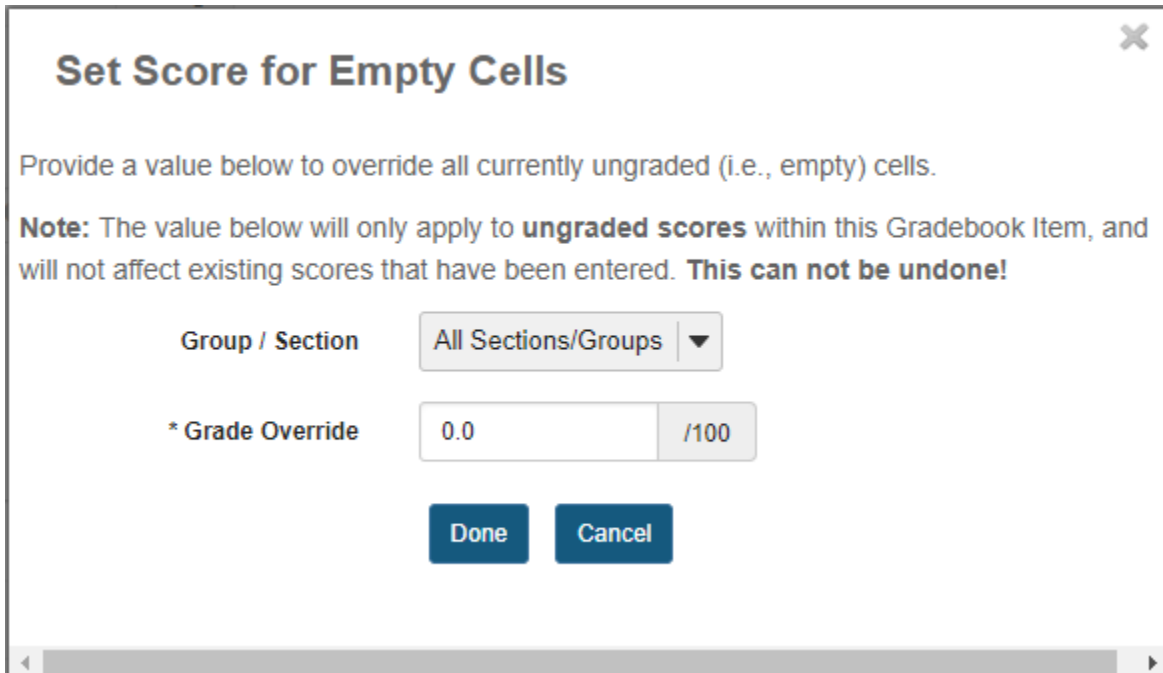

Show Recipients 5

Send 6

The **Message Students** option allows you to send a quick message to students regarding the selected gradebook item.

1. Enter a **Subject** for your message.
2. Type your message into the text box provided. *(Note: Only plain text is supported. The rich text editor is not available here.)*
3. Choose the recipients of the message from the drop-down menu. You can select **Ungraded Students**, **Graded Students**, or **All Students**.
4. Specify if you want to send the message to the whole **Site**, or only a selected **Group** in the drop-down menu.
5. The **Show Recipients** button will display a list of the students selected to receive the message.
6. Click **Send** to send the message.

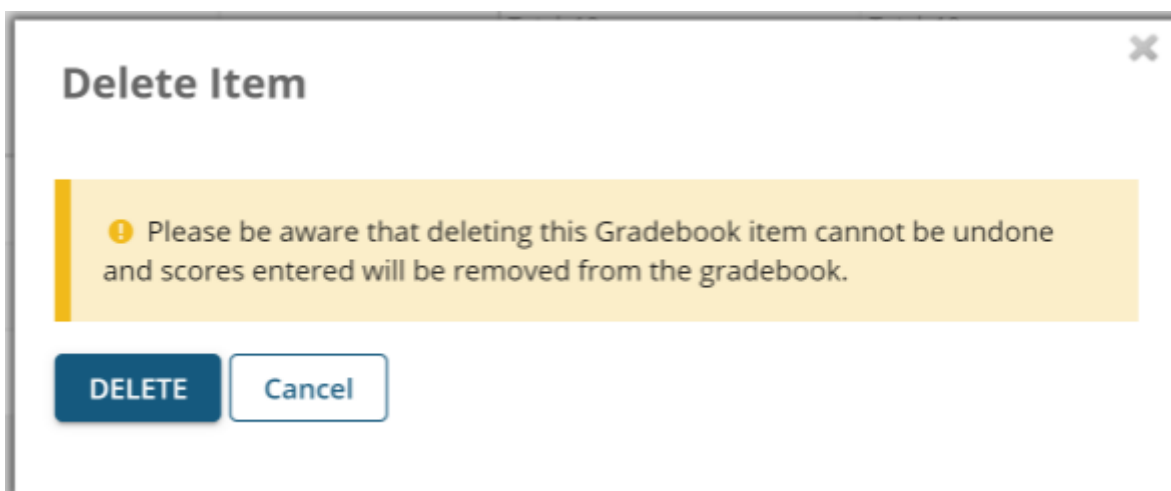

## Set Score for Empty Cells

The screenshot shows a dialog box titled "Set Score for Empty Cells" with a close button (X) in the top right corner. Below the title, there is a text prompt: "Provide a value below to override all currently ungraded (i.e., empty) cells." A note follows: "Note: The value below will only apply to **ungraded scores** within this Gradebook Item, and will not affect existing scores that have been entered. **This can not be undone!**" Below the note, there is a "Group / Section" dropdown menu currently set to "All Sections/Groups". Underneath that is a "\* Grade Override" section with a text input field containing "0.0" and a "/100" label to its right. At the bottom of the dialog are two buttons: "Done" and "Cancel".

For Gradebook-created items, you may select **Set Score for Empty Cells** to automatically set the score for all ungraded students for that gradebook item only. You may also select a specific section or group from the drop-down menu to apply the specified grade to only that section or group. This action only applies to students with ungraded items. Previously graded students will not be affected.

## Delete Item

The screenshot shows a dialog box titled "Delete Item" with a close button (X) in the top right corner. Below the title is a yellow warning box with an exclamation mark icon and the text: "Please be aware that deleting this Gradebook item cannot be undone and scores entered will be removed from the gradebook." Below the warning box are two buttons: "DELETE" and "Cancel".

For Gradebook-created items, you may select **Delete Item** to remove the item and all associated scores for that item.

*Note: Be careful! This action cannot be undone! There is no UNDO button for deleting a grade item and its scores from the Gradebook.*
