

# How do I embed an image on a Lessons page?

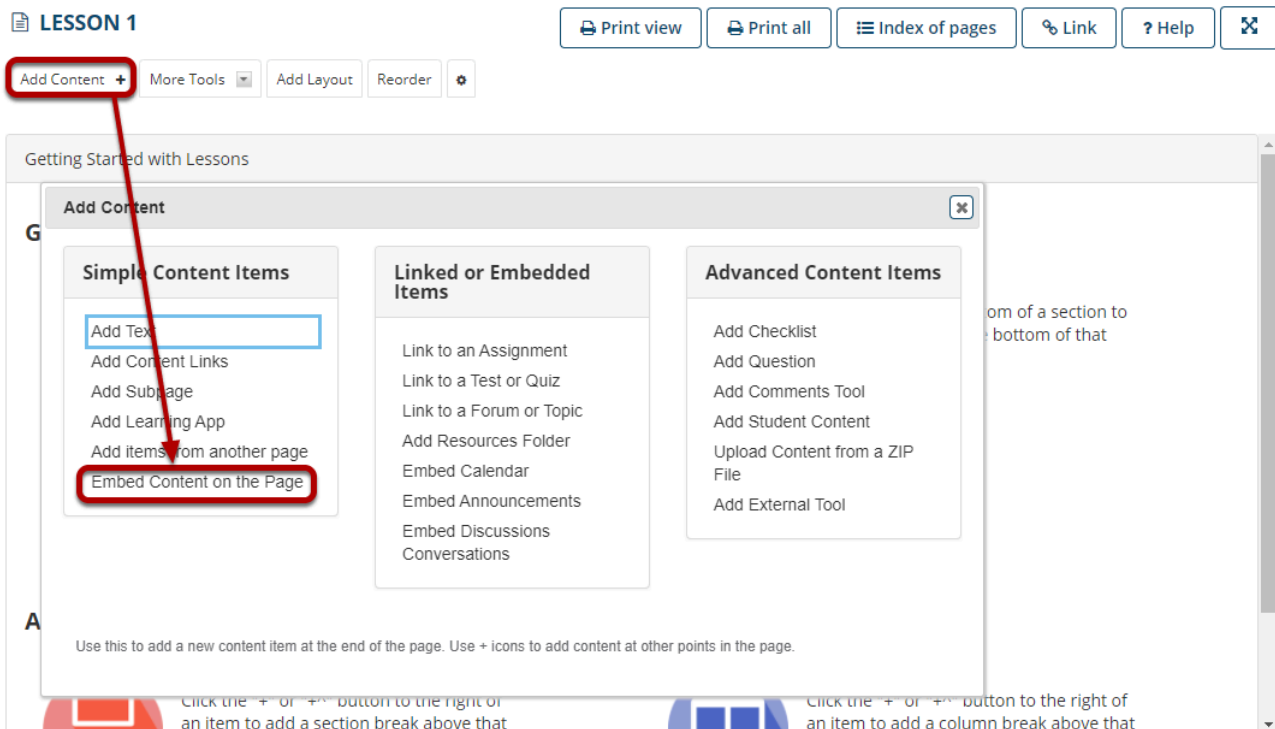

## Go to Lessons.

Click on the Lessons page title in the Tool Menu to display the page.

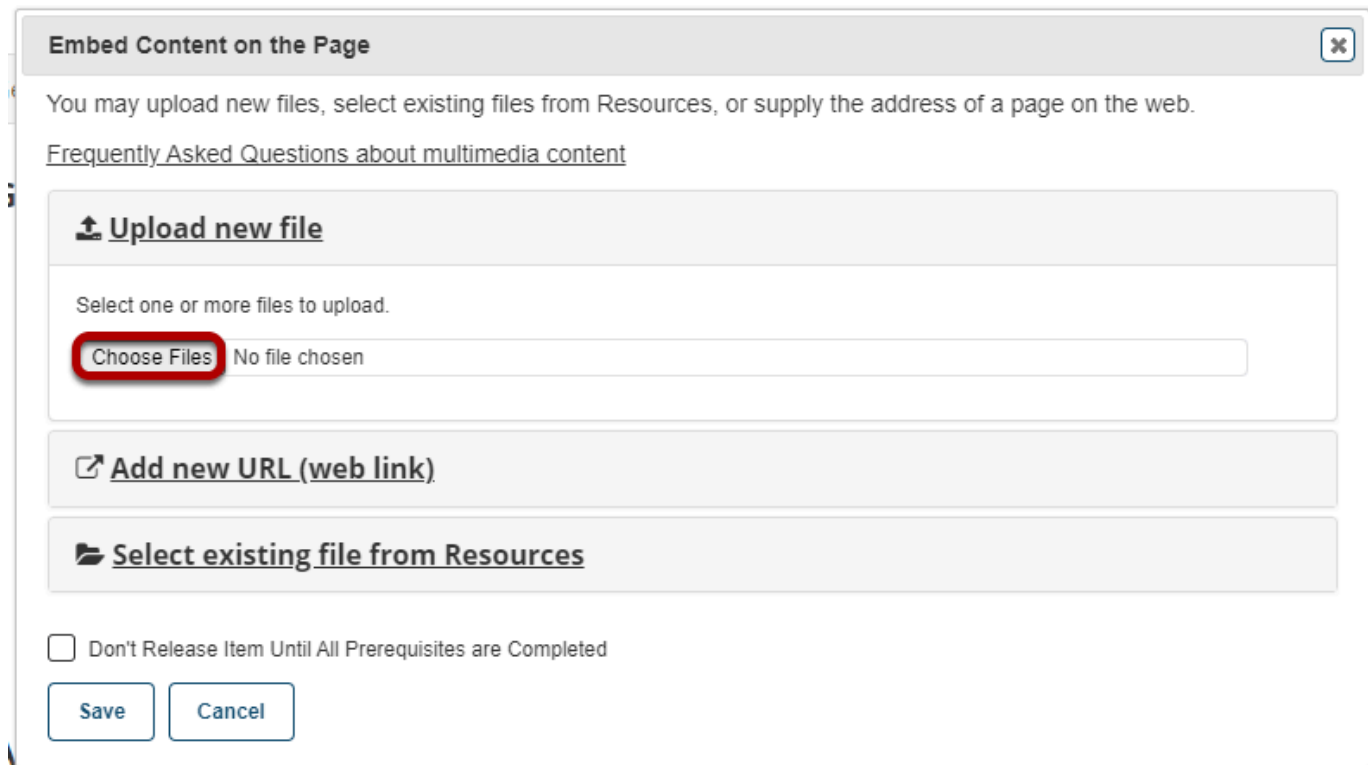

*Note: The default or blank Lessons page contains text and images that explain the basic functionality of the Lessons tool.*

## File upload: Click Add Content, then Embed Content on the Page.

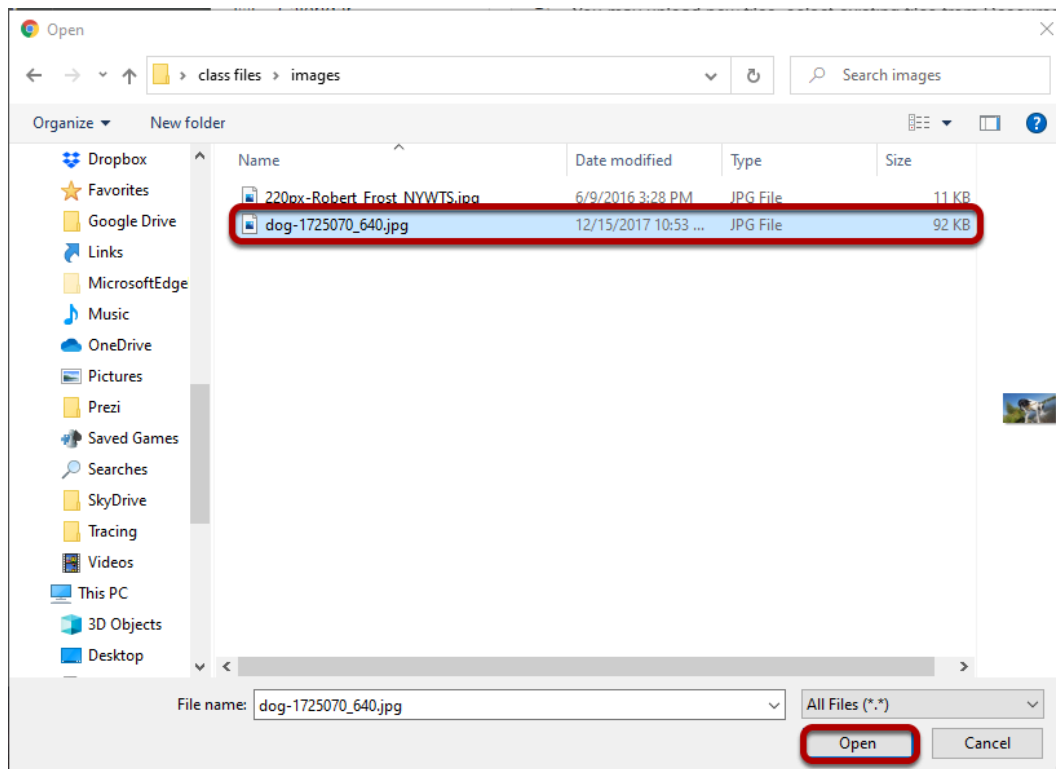

From the **Add Content** menu, select **Embed Content on the Page**. This displays the Embed Content dialog box.

## Click Choose Files.

## Locate and select the file on your computer.

Click on the file you would like to upload to select it and then click **Open**.

## Click Save.

**Embed Content on the Page** ✕

You may upload new files, select existing files from Resources, or supply the address of a page on the web.

**Upload new file**

Select one or more files to upload.

**dog-1725070\_640.jpg** 🗑️

Custom name for uploaded file [optional]:

Add another file to upload:

dog-1725070\_640.jpg

Don't Release Item Until All Prerequisites are Completed

Notes:

*You may add a custom name for the embedded file if desired.*

*Also, if you would like to upload more than one file, you may select **Choose Files** again to upload additional items.*

## View embedded image.
