

How do I embed the Calendar on a Lessons page?

Instructors can embed the course calendar on a Lessons page. This can be useful if you are using Lessons as your course landing page, or if you wish to call attention to course deadlines within your content pages.

Go to Lessons.

Click on the Lessons tool in the Tool Menu to display the page.

Note: The default or blank Lessons page contains text and images that explain the basic functionality of the Lessons tool.

Click Add Content, and then select Embed Calendar.
